MEDICAL RELEASE FORM

Parent First Name	Parent Last Name
<input type="text"/>	<input type="text"/>
Email	
<input type="text"/>	
Phone Number	
<input type="text"/>	

STUDENT INFORMATION

First Name	Last Name	Grade
<input type="text"/>	<input type="text"/>	<input type="text"/>
		Yes or No
Does your child have any allergies		<input type="text"/>
Does your child need/carry and inhaler or Epi Pen>		<input type="text"/>
Please list any allergies your child has and any other medical information you would like to share.		<input type="text"/>

I agree to Waive and Release all liability for the McWane Science Center (hereafter referred to as McWane) in the administration and use of the Epi-Pen and/or inhaler I have provided. I agree to forever release and discharge McWane and its' director, officers, employees and volunteers from all liability, claims, action, rights of actions, damages and expenses, including attorney expenses, arising out of or resulting from any injury, disease, or death in the use, failure to use or the administration of the Epi-pen and/or inhaler. By initialing below, I am acknowledging that I have read and understand the terms of this agreement.

Please Intial Here

PHOTOGRAPHY WAIVER

I give permission for photographs and/or video to be taken of him/her while participating in Learning Labs, and for these photographs and or videos to be used by McWane Science Center.

Please Intial Here

KULTURECITY SENSORY INCLUSION INITIATIVE

McWane Science Center, in partnership with KultureCity, is a Sensory Inclusive Organization. Visitors (and students) can utilize sensory bags, weighted lap pads, and quiet areas when needed in the museum. Our Education Staff has received certification through KultureCity to provide a great learning lab experience for all attendees, including those with sensory processing needs. Using evidence-based teaching and sensory strategies, we hope to provide a fun and engaging educational experience that will benefit all participants. If your child demonstrates sensory sensitivities and/or has behavioral needs, please complete this section on the form so that we can provide the best experience for him or her.

		Yes or No
Does your child have sensory processing difficulties?		<input type="text"/>
Does your child have a diagnosed medical condition?		<input type="text"/>
If yes to either of these questions, please describe any strategies in place. Feel free to attach additional document		<input type="text"/>
Does your child have any behavioral difficulties?		<input type="text"/>
If yes, please describe and list management techniques, if any, and the frequency of behavior. Feel free to attach additional document		<input type="text"/>

Learning Labs Protocols

Health and Safety

McWane Science Center Learning Labs will follow the CDC and Alabama Department of Health guidelines.

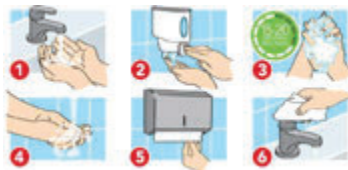

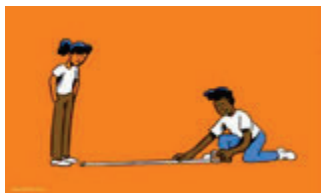

Children with a high risk for health problems should consider not attending Labs. Please refer to these CDC guidelines: <https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-with-medical-conditions.html>

Medical Release Forms are mandatory. Please make sure you have completed/submitted one for each child attending prior to the first day of Labs.

Children will be required to wear a face mask, excluding when they're eating lunch. Please make sure your child has practiced wearing a mask before coming to Labs.

Frequently touched surfaces will be cleaned and sanitized often throughout the day.

All children, staff and volunteers will practice social distancing, proper hand washing, and cough/sneeze etiquette. Please practice these activities at home so that children understand their necessity.

Health and wellness will be checked regularly each day. If a child becomes ill, the parent/guardian will be called to pick them up.

If a child or staff member tests positive for COVID-19, the individual will self-isolate for 10 days from the date of onset and must be fever free, without the use of fever-reducing medication, for 24 hours and improving respiratory symptoms, prior to returning. The individual may get tested again to see if they still have COVID-19. If they are tested, they can be around others when they have no fever, respiratory symptoms have improved, and they have received two negative test results in a row, at least 24 hours apart. If a student or staff member has a direct exposure (less than 6 feet for greater than 15 minutes), the individual should self-quarantine for 14 days from the date of exposure. If a child is symptomatic but tests negative for COVID-19, they should be fever free, without the use of fever-reducing medication, for 24 hours before returning to Labs.

Drop Off & Pick Up

Drop off will be curbside on Level C of the parking deck. Walk up drop off will not be permitted. Children will be escorted to their classrooms by staff and volunteers. The exit gate will remain open, so a token will not be needed. Parents will receive two color-coded and numbered cards on Mondays to be used for pickup during the week.

Pick up will also take place on Level C of the parking deck. Please place the pickup card on the passenger side window so that staff can call for your child. Authorized adults for pickup should have the color-coded card or a photo of it.

Learning Labs Safety

Each Lab will include the same children and educators for the entire week, creating a class bubble. To maintain this “bubble,” they will not participate in activities with other classes. Each child will have a bag of general supplies to use for the week to prevent sharing with other children. Children will enjoy learning on the exhibit floors, on Mondays and Tuesdays, when McWane Science Center is closed to the public, but they will not mix with other Lab groups. When eating lunch, campers will maintain social distancing and will remain separated from children in other Labs.

Before and After Care

Before Care is available from 7:30am-9:00am and After Care is available from 4:00pm-5:30pm. Both are included in Lab registration.

Schedule

Labs begin at 9:00am and end at 4:00pm. Please make every effort to have your child signed in by 8:55am. Children can be picked up as early as 4:00pm, and no later than 5:30pm. There will be a \$5 late fee for every 10 minutes your child stays after pick-up time.

Late Arrival and Early Pick-Up

If you arrive after drop-off, or need to pick your child up early, please park on Level C of the parking deck and call Peggy Chowning at 205-714-8351, Julie Danley 205-714-8322 or Lawrence Cooper 205-714-8376. We will bring your child out to you.

Lunch and Snacks

Lunch and snacks are included with all camps. Our menu is an attempt to avoid most common food allergies. If you have additional dietary concerns, you may send a snack/lunch with your camper (however we do not provide refrigeration or microwave capabilities). Packed lunches should not include peanuts or peanut butter. No refund or discount will be given for these days. PLEASE LET US KNOW ABOUT ALL ALLERGIES ON THE MEDICAL RELEASE FORM.

Epi Pens and Inhalers should be stored in a child's backpack upon arrival. Please let staff know about epi pens/inhalers when checking in and whether they should be sent home every day or kept at McWane for the week.
